1 TRAINED SST FACILITATOR LEADING AN SST GROUP:

- Reminder that if you are the only trained SST facilitator leading the group, you might ask a staff member to be a Role Play Buddy (RPB). There is a separate SST Role Play Buddy Guide to help orient the staff member to this role.
- If you are leading the group alone without a staff member as a RPB, for Step 5 (Model the Skill), you might ask a group member to role play with you while you model the skill. Ideally, ask the group member before the group session starts so you can practice the model with them. For the remainder of group (Steps 6-11), you should both lead the group and be the RPB.
- SST Facilitator helps set up the role play and makes sure the group member and RPB is clear on the roles in the scenario and the plan before starting role plays.
